

Employee Navigator

A single place to manage employee benefits

Employee Navigator centralizes employee benefits in one place, making it easy for them to enroll, update, and view plan and company related documents.

One Place to Manage Benefits

Paperless. Employees enroll in and manage their benefits online

Easy. Intuitive and easy to navigate

Accessible. Employees help themselves and find what they need when they need it.

Automatic Updates. Changes to employee information automatically update and sync with your insurance carriers.

Onboarding

Streamlined Process. HR can create a list of new hire tasks to streamline onboarding.

Digital Files. Employees can easily review, sign, and upload important documents.

Benefits. Technology. Heart.
