AutoEnroll
All-in-one benefits platform

Retention, recruiting, and a growing demand for a broader range of employee benefits are top priorities of today's HR pros, but these priorities can easily overwhelm an already over-extended team. Using AutoEnroll, PPI's all-in-one benefits platform saves time and simplifies day-to-day tasks, so you and your staff can focus less on paper and process and more on your people.

AutoEnroll helps you:

Easily and quickly enroll and administer employee benefits throughout the year, from one cloud-based system.

Ensure the right benefit options are matched with the right employees.

Seamlessly maintain data at carriers and vendors with automated EDI and integrated consumer accounts and COBRA administration.

Clear insights at a glance, with easy, real-time reporting options.

Easily view transaction history by date, time and user.

Safeguard employee data with the highest security protocols.

Benefits. Technology. Heart.
