

Zywave Learning

Easy to use Learning Management System (LMS)

Zywave Learning is an interactive LMS embedded in the Zywave Client Portal that facilitates employee and manager training with professionally produced training courses. Zywave learning is available to PPI clients at no additional cost.

Centralized platform for employee and manager training:

- Extensive course catalog of more than 150 courses, including industry-specific courses

- State Specific Sexual Harassment Courses comply with state-mandated sexual harassment prevention training requirements

- Easy setup of course assignments, due dates, and automated email reminders, for employees and managers

- Mobile-ready courses in English and Spanish for both managers and employees

- Add employees individually or in bulk, and send them custom invitation emails to the platform

- Robust reporting ensures employees are engaged and taking required or recommended training

Benefits. Technology. Heart.
